<sup>1</sup> Discontinued due to DLA (DISA-DMZ) Internet Security change to using reverse proxy servers. Causes different users to appear as one user on DSCP's web server so actual count of users can no longer be monitored. This data will be discontinued in FY04.

<sup>2</sup> New data added to aid in monitoring web site activity. **Hits** represents the number of times a page had clicks against the page. **Page Views** represents the number of times a user views a page.

<sup>3</sup> Consolidated Price Book implemented 11 April 2003.
